

**Rural Broadband Residential Survey**

We would like to express our full support of the Community Connect Grant application for South Central Telcom LLC. Due to the fact South Central Telcom LLC has a long and successful history of providing state-of-art broadband service at modern speeds to other rural communities and has a strong reputation for customer service and community commitment, we are confident in South Central Telcom LLC capabilities of enhancing broadband service in our community.

We currently live within the PFSA identified as Howardstown - SCTLLC and are unable to gain access to broadband at the speed limits defined in the CCG application guide (10M download and 1M upload speeds). The following is a summary of the current services we are able to receive:
